As the commander of the Huron Undercover Narcotics Team I respectfully present the annual report for 2017. The following pages will reflect the team's accomplishments throughout the year, which have been significant.

The local trends during 2017 have shown that heroin use and trafficking declined somewhat, with cocaine activity having increased momentum. The abuse and trafficking of opioid pain medications continues to be a threat, as do meth labs. Of the drug related investigations that were initiated in 2017, 29% were with regard to opioid pain medications, 18% with regard to methamphetamine, 14% with regard to cocaine trafficking, and 12% with regard to heroin trafficking.

The team's detectives have done an extraordinary job of handling the time intensive investigations that have become the norm, in an effort to not only deplete or impair the availability of illegal narcotics on our streets, but also attempt to identify and bring to justice the source of those narcotics, typically from the downstate area. All while continuing to field tips/intelligence received from the web site and other agencies, maintaining and improving their training/credentials, providing assistance to other agencies, and providing the necessary time and materials for prosecution.

While the narcotics trends and traffickers' pathways are everchanging, the mission of the Huron Undercover Narcotics Team remains the same. To reduce the availability and abuse of illegal narcotics in our service area, thereby reducing the occurrences of violent crimes and improving the quality of life for the community that we serve.

Respectfully,

D/Lt. Stuart Sharp

Commander, Huron Undercover Narcotics Team

Presentations

HUNT personnel conduct presentations throughout the year, in an effort to inform the public regarding drug trends, the use, abuse, and trafficking of illegal narcotics, and the recognition of clandestine labs. This year those presentations were given to the Association of Lifelong Learners, the United Methodist Church, Alpena Rotary Club, Alpena Sno Drifters, Citizens Academy, New Beginnings Church, and Knights of Columbus, as well as interviews with WBKB Television, for a 3 part series on methamphetamine and heroin, and an interview on the "Insights" program on WBKB TV.

Prevention

The team commander participates in the Alpena County Prevention Policy Board, in cooperation with Up North Prevention. The mission is to advance substance abuse prevention efforts. The focus is on current substance abuse issues such as prescription drug diversion, meth lab awareness, community education, etc. The team also participates in Alpena County's drug court, which is a program aimed toward reducing the number of repeat drug offenders.

Marijuana Dispensaries Raided

In Late September, HUNT detectives executed search warrants at three illegal marijuana dispensaries in Atlanta, Michigan. This rural town had recently become home to three illegal businesses selling marijuana, available in a number of different forms including syrup, cooking oils, candies, and plant material.

luron Undercover

These dispensaries were operating without regard to the Michigan Medical Marijuana Act, which only allows the transfer of marijuana from a licensed caregiver to a certified patient, and the caregiver may only provide to 5 patients. Further, they may only possess small quantities of marijuana for each patient. These dispensaries were selling marijuana to anyone with a marijuana card and sometimes to persons without a card. They were maintaining large quantities of marijuana and marijuana infused products.

Officers seized money, a firearm, and a very large quantity of marijuana products including candy bars, suckers, gummy bears, cookies, brownies, THC pills, infused maple syrup, and butter.

6 people were arrested as a result, and charged with 16 counts including delivery of marijuana, conspiracy to deliver marijuana, and maintaining a drug house. HUNT was assisted by members of the Straits Area Narcotics Enforcement Team (SANE), Traverse Narcotics Team (TNT), Strike Team Investigative Narcotics Group (STING), the Montmorency County Sheriff Department, and the Michigan State Police.

Cocaine Trafficker Arrested

In May of 2017, an undercover HUNT officer was introduced to a female in Alpena, who was selling cocaine. The officer was able to purchase from this subject, a "teener" (1.7 grams) of cocaine, then 2 "eight-balls" (eighth ounce each) of cocaine, and finally one ounce of cocaine. Following the third purchase, a search warrant was conducted on the residence where an additional 61 grams of cocaine was found, as well as marijuana, pills, and cash. The cocaine found in the house would have a street value of just over \$3,000.00. The cocaine was allegedly being transported to Alpena from downstate, though the downstate source was not identified. The source of the pills was identified and later charged with delivery of analogues. The female was ultimately charged with 3 counts delivery of cocaine, possession of cocaine, possession of marijuana, possession of analogues, and maintaining a drug house.

Cocaine Distribution Ring

In early July, detectives began an investigation into the distribution of cocaine in the Alpena area. Two Alpena residents were identified as being substantially involved and were arrested following a short investigation. These men were found to have approximately 4 ounces of cocaine packaged for distribution, along with a substantial amount of money. Other subjects were suspected to be involved in a network of cocaine distribution associated with these two individuals, so the investigation continued.

In September, detectives were able to identify another organized group associated with the two from July, and subsequently arrested 5 more people on various cocaine distribution charges. Detectives then executed a search warrant in Alpena Township, and found cocaine, methamphetamine, and marijuana.

In total, 7 individuals were arrested on 24 counts including possession with intent to deliver cocaine, delivery of cocaine, conspiracy to deliver cocaine, and maintaining a drug house. One of the arrestees was a tier 3 sex offender, currently on parole for manufacturing methamphetamine. Civil forfeiture was initiated on one vehicle and various quantities of cash.

HUNT was assisted by the Alpena City Police Department, the Michigan Department of Natural Resources Law Enforcement, the Michigan State Police Alpena Post, the MSP Alpena Post K9 Unit, and a group of neighborhood citizens who provided information to HUNT detectives.

Meth Labs Dismantled

HUNT detectives received information that an individual who was a parole absconder with previous convictions regarding methamphetamine, had been purchasing pseudoephedrine regularly. Detectives subsequently located the individual after a purchase of pseudoephedrine, and had a traffic stop conducted. The parole absconder, a 34 year-old Alpena man was arrested on 4 outstanding warrants, while his passenger, a 40 year-old Alpena man, attempted to provide police with false information regarding his identity. The driver was in possession of a substantial quantity of methamphetamine on his person. Both were arrested on the outstanding warrants as well as conspiracy to manufacture methamphetamine. Detectives then conducted a search warrant at the residence in Long Rapids Township of Alpena County, where multiple one-pot meth labs were located. Two females, 28 and 18 years old, both from Alpena, were at the residence and were subsequently arrested for conspiracy to manufacture methamphetamine, as well as accessory after the fact, to a felony. 20 offenses in all, were charged

to these 4 individuals, by the Alpena County Prosecutor's office. Three of these individuals were subsequently convicted and sentenced to over 2 years in prison, while the fourth was convicted and sentenced to county jail.

Cocaine Traffickers Arrested

HUNT detectives learned from an informant that individuals two had made a trip to Pontiac the previous night and procured a large quantity of cocaine for sale in the Alpena area. The informant had described the amount of cocaine as the size of a softball. One of these individuals had

sold cocaine earlier the same day, to a HUNT informant. Surveillance was established and a traffic stop was conducted on a vehicle carrying one of the suspects. That subject, a 44 year-old male from Hubbard Lake, was in possession of over \$1,600 in cash, a portion of which had been provided to the other subject in the controlled purchase of cocaine previously mentioned. He subsequently confessed to having conspired with the other to procure heroin from downstate and bring it back to Alpena. A search warrant was then obtained and executed at a residence in Ossineke, where the second subject was located. A total of approximately 136 grams of cocaine was located in the residence, some of which was pre-packaged in "corner-ties" for street sales. This subject, a 21 year-old Alpena man, provided a full confession as well. Both were arrested and charged with possession with intent to deliver cocaine over 50 grams and conspiracy to deliver cocaine, with an additional delivery of cocaine charge regarding the previous controlled purchase.
